and prevention of smuggling the bill can not thus be sanctioned. As the matter stands the Collector thought it necessary to employ some peons and the temporary appointment to work under the Local Fund Officer seems to be the proper course for the permanent addition of charges of Rs 15/- Mr. Ag. Secretary states that the expenditure for the above items is almost equal to the income and the passing up of recurring expenditure does not therefore seem desirable.

Rec'd 4-12-1910.

Sir,

In forwarding herewith an extract from the Proceedings of the meeting of the Davangere town Municipal Council held on 10th February 1910, proposing the entertainment of an additional clerk on Rs 15-1-20 and an assistant Mutsaddi on Rs 10/- to cope with the increasing work in the Municipality I have the honor to state as follows -

2 Davangere on account of its Commercial activity, and being Connected on both the sides by Railway, is the most important town in the District and comes next

next in rank to the premier municipalities of Bangalore and Mysore Cities in respect of income and expenditure The area of this municipality is 334 acres The total income from all sources is Rs 22,000/- and its expenditure is proportionate to the income

3 The clerical establishment sanctioned for this municipality, Consists of a mutsaddi on Rs 15/- whose pay is entirely met from Municipal Funds and a Local Fund clerk on Rs 15, two-thirds of whose pay is debited to District Funds and one-third to Municipal Funds

4 The Mutsaddi is solely entrusted

Entrusted with the work of levying Octroi duty on piece goods brought into the Municipality, both on Railway and the roads At present, the income from this source, is Rs 6000/- with the prospect of increase on account of its growing importance and under better supervision The present Mutsaddi is confined to the Katta, attending to the stamping and numbering work of cloths, that are brought into the Katta by the merchants at their own pleasure and Comparing the contents of a large number of bales and duly checking them in the presence of the vice-President or Shirastedar and 2 Municipal Councillors, for the

the levy of duty this work alone occupies his whole time, morning and evening every day

5. It will be seen from the above, that he is working at a high pressure As he cannot move about in different parts of this important trading town, most of the dealers in piece goods of indigenous and foreign manufacture brought from outside for sale in the town, purposely escape the observation of the authorities and thus defraud the Municipality of its legitimate source of income Consequently his entertainment of cloth. raised on Rs 10/- to assist the present inadequate

in his work, appears absolutely necessary in the interests of the Revenue of the Municipality

6 The other official is the Local Fund Clerk who is supposed to look after the work of the District Board and Municipal Council Port, as matters at present stand, most of the work connected with the Municipal office has been thrown on one of the Gumastas of the Taluk, to the detriment of his legitimate work, because it is found hardly possible for the Local Fund Clerks to do both the works efficiently

The Vice-President states that the records of the previous years, are all in a confused state and have to

to be sorted and arranged. The maintenance of accounts relating to the collection of House and Mohatarfa taxes, which at present, amount to Rs. 7,800/-, and the disposal of Correspondence and records connected with the sale of sites and takrars thereto and of records appertaining to the recovery of taxes, have been entrusted to the Revenue Gumasta, while the Local Fund clerk does the work relating to District funds and the remaining ~~portion of the work, relating to Local funds and the remaining~~ portion of the work connected with

with the municipal bouncil in addition to the preparation and maintenance of registers and of the submission of the monthly, quarterly, halfyearly and annual accounts of both the Departments even the work has been found to be too heavy for the Local Fund Clerk to Cope with

7 As reported by the vice-President in his detailed report herewith submitted, the work of the Municipal bouncil has increased two-fold with the introduction of the New Municipal Regulation & Consider that it would be impossible for the Local Fund Clerk to cope with the ever increasing work of the Municipal bouncil.

Council It is therefore very necessary to have a separate Clerk altogether for the municipal Council office, on the proposed pay from municipal funds, as the Council have made the proposal being fully alive to the necessity of strengthening the existing establishment and I am sure that, with the assistance of the Local Fund clerk, the work can be effciently and satisfactorily managed

8 Necessary provision, has been made in the current years Budget of the Kavaratti Municipality, for the entertainment of these two additional hands

9 For the reasons mentioned above, I request that sanction of Government may kindly be accorded to the proposal of the Municipal Council to entertain a clerk on Rs 15-1-20 and an Assistant Mutsaddi on Rs 10/- with effect from 1st January 1911

10 The required proposition Statement, is herewith submitted

consequent on the introduction of new municipal Regulation into the Municipality which is ever growing in importance on account of its large Commerce, clerical work has greatly increased and the existing establishment, Consisting of a single mutsaddi, is not sufficient to cope with the the heavy work The Board have therefore proposed the entertainment of the additional two Lands vide Letter accompanying
